South Dakota Conference on Developmental Disabilities: *Discovering Possibilities*

Intended for people with disabilities, family members, professionals in developmental disabilities, state and community providers

Choose from 25 sessions covering topics on the intersection between developmental disabilities and mental health, trauma informed care, telehealth, technology and the use of applications; building boundaries, managing grief, developing coping skills, applied behavior analysis, addiction and treatment issues, collaboration with First Responders, and assistance throughout the conference to develop your own Personal Profile using the Life Course materials.

Keynote Speaker: Dr. Tom Pomeranz

Dr. Tom Pomeranz is a nationally recognized authority, trainer, clinician and consultant in the field of services for people with disabilities. He is the highly acclaimed creator of Universal Enhancement, which teaches strategies promoting community participation and supporting people to have a quality life. Additionally, he is noted for his innovative approach to leadership and management training. His audiences praise his ability to combine information, humor, passion and storytelling into an informative whole that does not just present the information, but really communicates it in a memorable fashion.
