## Let FEMA determine your eligibility

The State of South Dakota and the Federal Emergency Management Agency encourage everyone with damage from the severe storms, tornadoes, and flooding September 9-26, 2019 to register for federal disaster assistance.

**If you already cleaned, repaired or replaced damaged property** - You may be eligible for reimbursement even if you already cleaned or repaired damaged property. Repair or replacement of disaster-damaged furnaces, water heaters, wells, and septic systems, as well as clean up costs, may be eligible for reimbursement with valid receipts.

**If you have insurance** - You can still register with FEMA. By law, FEMA cannot duplicate the assistance you get from an insurance claim, but it can provide supplemental aid if your insurance falls short in covering some losses.

**If you rent** – FEMA/State grants and SBA loans may be available for eligible renters who lost personal property or who were displaced.

**If you think other people need the help more than you** - FEMA has enough funding to assist all who are eligible for assistance. You will not be taking from others if you register for aid yourself.
